PanelLED
Low profile LED recessed luminaire

The new **PanelLED** is a range of low profile LED recessed luminaires. The range is ideal for a multitude of applications, including hospitality, retail and corporate offices where a quick, simple and effective upgrade to LED illumination is desired.

PanelLED combines a slim profile (92mm) and high performance, making it a suitable solution where ceiling void has previously prevented good overhead lighting.

Additionally, **PanelLED** offers protection to IP40 and LED technology, providing long lifetime (50,000 hours), energy efficient solution and reduced maintenance costs.
